1. NATURE OF OPERATIONS

Filo Mining Corp. (the "Company" or "Filo Mining") was incorporated on May 12, 2016 under the laws of *Canada Business Corporations Act* in anticipation of a plan of arrangement to reorganize the exploration business of NGEEx Resources Inc. ("NGEEx"), the Company's then parent company (see Note 8). The Company's intended business activity is the exploration and development of the Filo del Sol mineral properties located in South America. To date, the Company has not commenced operations. The Company's registered office is located at Suite 2200, 885 West Georgia Street, Vancouver, British Columbia, V6C 3E8, Canada.

The Company's ability to settle its existing liabilities and continue as a going concern is dependent upon the Company securing financing and continued support from NGEEx (see Note 8).

Deferred income tax assets and liabilities are measured using enacted or substantively enacted tax rates expected to apply when the related assets are realized or the liabilities are settled. The measurement of deferred income tax assets and liabilities reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover and settle the carrying amounts of its assets and liabilities, respectively. The effect on deferred income tax assets and liabilities of a change in tax rates is recognized in the period in which the change is substantively enacted.
